Opis produktu

PT 27F L0005-06S
High Quality automotive tweeter.

The diaphragm is formed from a pre coated fabric material. Careful matching of fabric and coating results in a very smooth frequency response throughout the audible frequency range.

Download Datasheet PT

A wide roll surround together with a double chamber magnet system results in a low fundamental frequency.

Compact dual chamber neodymium magnet.

The voice coil is immersed in magnetic fluid, allowing high power handling capacity and simplified crossover design.
